Intermediate / Advanced Level

This course will focus on the most popular advanced Botox and Dermal filler treatments which customers are asking for. Although they are advanced techniques, they are simple to learn and with our expert tuition we will give you the knowledge and practical skills to perform these treatments. The emphasis of the course will be on "hands on" practise using "live" models and there will be plenty of opportunity for one to one discussion with our tutors and to ask questions.

We will cover the following advanced techniques:

Advanced Botox Injections - Eye brow shaping, gummy smile, lip lines and volume, drooping corners, neck lines, mentalis treatments, bunny lines, chin lines and treatment of hyperhidrosis.

Advanced Filler Injections - Sunken eyes (tear trough), temporal hollows, for volume or cheek augmentation, lip augmentation, chin augmentation, jaw line and jowl contouring, and nose correction.
